1. ORGANIZATION, BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

Hospice of San Luis Obispo County (Hospice) is a non-profit, non-stock corporation, organized under the laws of the State of California in 1977, for the purpose of providing volunteer support, education and counseling to those living with a life threatening or terminal illness, their families, and the bereaved. As a volunteer hospice all services rendered are provided at no cost to the individuals and families receiving them and insurance is never billed.

Hospice programs include 1) in home care by trained volunteers for emotional and practical assistance, 2) grief support to individuals and families of all ages, 3) quarterly in-home volunteer trainings for respite care, pet peace of mind or end of life doula services; annual bereavement/grief training and ongoing community education about issues related to dying and death, and 4) community response services provided to businesses, schools, churches, government and community agencies.

Basis of accounting

The financial statements are presented on the accrual basis of accounting which recognizes revenue as gross income when earned and operating expenses as deductions from gross income when incurred. The financial resources are maintained in accordance with the principles of fund accounting.

Net assets without donor restrictions is utilized to record contributions, fund raising, fees and other forms of unrestricted revenue and expenditures related to the general operations and fund raising efforts of the organization.

Net assets with donor restrictions is utilized to record resources received by the Organization that are restricted as to use by the donor or grantor. When the restriction expires, the net assets of this fund are reclassified to net assets without donor restrictions.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. All amounts received that are restricted for future periods or donor-restricted for specific purposes are reported as net assets with donor restrictions. When the donor-stipulated time restriction ends or a purpose restriction is accomplished, then the restricted net assets are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restriction. If a restriction is fulfilled in the same time period in which the contribution is received, the contribution is reported as net assets without donor restrictions.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

1. ORGANIZATION, BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Income Tax

Hospice is recognized by the Internal Revenue Service as a qualified section 501(c)(3), non-profit organization, and as such, is not liable for Federal income or State franchise tax. The Organization qualifies for the charitable contribution deduction under section 170(b)(1)(A) and has been classified as an organization that is not a private foundation.

Cash and Cash Equivalents

Cash and cash equivalents includes all liquid marketable securities including money market accounts and certificates of deposits with a maturity of three months or less when purchased.

Accounts Receivable

Management has determined that an allowance for doubtful accounts would be zero based on the Organization's credit policies, prior collection experience and the type of customers associated with the Organization.

Property and Equipment

The Organization follows the practice of capitalizing all expenditures in excess of \$1,500 for property and equipment at cost. Repairs and maintenance are charged to expense when incurred. Depreciation expense is calculated on the straight-line method over the useful life of the related asset.

Advertising

Advertising costs are expensed as incurred during the period in which they are incurred. During the year ended June 30, 2022, the Organization incurred advertising costs of \$10,006.

In-Kind Donations

Hospice receives donations of time and services from members of the community and volunteers. The value of these donations is reflected in the accompanying financial statements. In-kind donations of fixed assets, supplies and vendor services used directly by the Organization are valued at their appraised values at the time of the receipt.

| Description | _ | Fair Value |

| Alpha Fire Unlimited Astound Business Solutions Powered by Digital West Good Electrons KCBX Public Radio | Ş | 2,910 5,419 4,800 1,800 |
| Total in-kind donations | \$ | 14,929 |

1. ORGANIZATION, BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Fair Value Measurements

Generally accepted accounting principles provide guidance on how fair value should be determined when financial statement elements are required to be measured at fair value. Valuation techniques are ranked in three levels depending on the degree of objectivity of the inputs used with each level:

Level 1 inputs - quoted prices in active markets for identical assets. Level 2 inputs - quoted prices in active or inactive markets for the same or similar assets. Level 3 inputs - estimates using the best information available when there is little or no market.

The Organization is required to measure two types of assets and the related revenues at fair value: non-cash contributions and certain marketable securities. The techniques used to measure fair value are described in the notes below that relate to each asset/revenue.

Functional Allocation of Expenses

Certain categories of expenses are attributable to more than one program or supporting function and are allocated on a reasonable basis that is consistently applied. Expenses that are directly relatable to a functional category are allocated 100% to that category. These operating expenses are directly allocated based on historical time studies.

New Accounting Standards

The Financial Accounting Standards Board (FASB) issued new guidance that created Topic 606, *Revenue from Contracts with Customers*, in the Accounting Standards Codification (ASC). The Organization adopted ASC Topic 606 on July 1, 2020, using the modified retrospective method. Due to a lack of contracts with customers, the adoption of ASC Topic 606 had no impact on either the prior year net assets or the current year financial statements.

2. MARKETABLE SECURITIES

Marketable securities are presented in the aggregate at fair market value on quoted prices in active markets, and are summarized in the following table.

Securities are generally held in custodial investment accounts administered by certain financial institutions. The fair values of marketable securities are traded on the national security exchanges and are valued at the closing price on the last business day of the fiscal year. Market rise or decrease could occur and is dependent on the future changes in market prices of the various marketable securities held.

2. MARKETABLE SECURITIES (CONT.)

Marketable securities at June 30, 2022, are comprised of the following:

| | Cost | _ | Fair Value |
|---|-----------------|----|------------------|
| Mutual Funds - Bonds | \$ 50,612 | \$ | 67,084 |
| Mutual Funds - Equities Mutual Funds - Other | 40,533 3,758 | | 97,284 11,201 |
| Investment - Community Foundation SLO County | 15,061 | - | 19,701 |
| Total marketable securities | \$ 109,964 | \$ | 195,270 |

Realized gains and losses on the sale of marketable securities are calculated using the specific identification method. Unrealized gains and losses represent the change in the fair market value of the individual marketable securities for the year, or since the acquisition during the year, and are included in the change in net assets.

Return on marketable securities consists of the following:

| Dividends and interest | \$ | 6,490 |
|---|----|----------|
| Capital gains distributions | | 6,196 |
| Net realized and unrealized gains | | (38,453) |
| External marketable securities expenses | | (3,687) |
| | _ | |
| Marketable securities return, net | \$ | (29,454) |

3. PROPERTY AND EQUIPMENT

Total depreciation for the year ended June 30, 2022, was \$33,883.

4. ACCRUED EXPENSES

| Accrued wages and payroll taxes \$ | 16,124 |
|--|---------|

4. ACCRUED EXPENSES (CONT.)

5. NET ASSETS WITH DONOR RESTRICTIONS

At June 30, 2022, net assets with donor restrictions were composed of:

| Community Foundation San Luis Obispo Endowment Fund | \$ 19,701 |
|---|---------------|
| Rupe Care Management Grant | 34,141 |
| Rupe Endowment Fund | 148,383 |
| | |
| Total net assets with donor restrictions | \$ 202,225 |

Community Foundation San Luis Obispo County Endowment Fund

Net assets with donor restrictions at June 30, 2022, consist of an endowment fund established in fiscal year 2002/2003. The purpose of the fund is to provide Hospice ongoing support through investment income from the fund. Annual earnings from the fund, net of fees and expenses, may be distributed to Hospice; neither fund principal nor the net appreciation of fund principal, realized or unrealized, may be distributed. The fund shall continue as long as assets are available in the fund and the purposes of the fund can be served by its continuation.

The Organization is subject to the State Prudent Management of Institutional Funds Act (SPMIFA) and, therefore, classifies amounts in its donor-restricted endowment fund as net assets with donor restrictions until the Board appropriates amounts for expenditure and any purpose restrictions have been met. The Organization has interpreted SPMIFA as requiring the maintenance of only the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, the Organization would consider the fund to be underwater if the fair value of the fund is less than the sum of (1) the original value of initial and subsequent gifts donated to the fund and (2) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the applicable donor gift instrument. The Organization has interpreted SPMIFA to permit spending from underwater funds in accordance with prudent measures required under the law. The fund is not currently underwater.

In accordance with SPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-imposed endowment funds: (1) the duration and preservation of the fund, (2) the purpose of the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of marketable securities, (6) other resources of the Organization, and (7) the marketable securities policies of the Organization.

There were no matching contributions for the year ending June 30, 2022. Going forward, the Organization has decided to utilize the California CalSavers program for its employees after June 30, 2022.
